NOTICE OF RIGHTS
Section 504 of the Rehabilitation Act of 1973
The Rehabilitation Act of 1973, commonly known in the schools as “Section 504,” is a federal law passed by the United States Congress with the purpose of prohibiting discrimination against disabled persons who may participate in, or receive benefits from, programs receiving federal financial assistance. In the public schools specifically, Section 504 applies to ensure that eligible, disabled students are provided with educational benefits and opportunities equal to those provided to non-disabled students.

A student with a disability is one who has a physical or mental impairment that substantially limits one or more of his/her major life activities/ major bodily functions such as reading, concentration, thinking, learning, walking, seeing, hearing, breathing, working, and performing manual tasks, etc. Eligible students may be entitled to an accommodation plan that provides the student with the same opportunity to benefit from programs and services as afforded non-disabled students.

The purpose of the Notice is to inform parents and students of their rights at 34 CFR §104.36 of the Section 504 regulations:

- The school district must provide you with written notice of your rights. If you need further explanation or clarification of any of the rights described in this Notice, contact appropriate staff persons at the District’s Section 504 Office, and they will assist you in understanding your rights.

- Under Section 504, your child has the right to an appropriate education designed to meet his or her educational needs as adequately as the needs of non-disabled students are met [34 CFR §104.33].

- To the maximum extent appropriate, your child has the right to be educated with children who are not disabled. Your child will be placed and educated in regular classes, unless the District demonstrates that his or her educational needs cannot be adequately met in the regular classroom, even with the use of supplementary aids and services. [34 CFR §104.34]. Your child has the right to services, facilities, and activities comparable to those provided to non-disabled students [34 CFR §104.34].

- You have the right to be notified by the District prior to any action regarding the identification, evaluation, or placement of your child [34 CFR §104.36].

- You have the right to examine relevant documents and records regarding your child (generally documents relating to identification, evaluation, and placement of your child under Section 504) [34 CFR §104.36].

- You have the right to an impartial due-process hearing to contest any action taken by the District with regard to your child’s identification, evaluation, or placement under Section 504 [34 CFR §104.36].

- You have the right to participate personally at the hearing and to be represented by an attorney if you wish to hire one. You also have a right to file a complaint with the Office of Civil Rights (OCR) or the Department of Education.

- If you wish to contest an action taken by the Section 504 Team by means of an impartial due-process hearing, you must submit a Request for Hearing to the District’s Section 504 Coordinator at the address below:

Notification of Rights Under the Family Educational Rights and Privacy Act (FERPA) for Elementary and Secondary Schools
The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student’s education records. These rights are:

- The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

- Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the
parent or eligible student of the time and place where the records may be inspected.

- The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

- Parents or eligible students who wish to ask the school to amend a record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school’s or school district’s annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Avenue, SW
  Washington, DC 20202-8520

**Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information**

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Campbell County School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Campbell County School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Campbell County School District to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful, or an invasion of privacy if released can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories—names, addresses and telephone listings—unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. 1

If you do not want Campbell County School District to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by September 20. Campbell County School District has designated the following information as directory information:

- Student’s name
- Address
- Grade level
- Photograph
- Participation in officially recognized activities and sports
- Telephone listing
- Weight and height of members of athletic teams
- Degrees, honors, scholarships, and awards received
- The most recent educational agency or institution attended.

1 These laws are Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908), as amended and 10 U.S.C. § 503(c), as amended.

**Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)**

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED) –
  1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents;
8. Income, other than as required by law to determine program eligibility.

• Receive notice and an opportunity to opt a student out of—
1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)
• Inspect, upon request and before administration or use—
1. Protected information surveys of students and surveys created by a third party;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Campbell County School District has developed and adopted policies regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Campbell County School District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Campbell County School District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Campbell County School District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

• Collection, disclosure, or use of personal information for marketing, sales or other distribution.
• Administration of any protected information survey not funded in whole or in part by ED.
• Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:
Family Policy Compliance Office
U.S. Department of
Education 400

PARENTS “RIGHT TO KNOW” UNDER THE EVERY STUDENT SUCCEEDS ACT
As a parent of a child in Campbell County School District, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child’s classroom teachers and requires us to provide you this information in a timely manner if you ask for it. Specifically, you have the right to ask for the following information about each of your child’s classroom teachers:

• The right to request information about the qualifications of your child’s teacher to include state license status with approved subject areas, emergency/provisional status, and field of discipline.
• The right to request information about paraprofessionals: are any providing services to your child, and what their qualifications are.
• When your child has been taught for four or more weeks by a teacher who is not meeting applicable state licensing requirements.
• Annual notification to parents of EL students if your child has been recommended for a language instruction program and the parent’s right to opt out of the program.

PERSISTENTLY DANGEROUS SCHOOL
A Wyoming public school is considered persistently dangerous if the following condition exists. In any two consecutive years, the school has experienced felony-related expulsions for drug, alcohol, weapons, or violence that exceed an expulsion rate of two percent (2%) of the student body or four (4) students, whichever is higher, as calculated from the most recent October 1 enrollment data.

CHILD ABUSE Policy 4390
The Board recognizes that because of their sustained contact with school- age children, teachers and other school employees are in a position to help identify and report suspected child abuse and neglect.

In compliance with the Child Protective Services Act, §14-3-201 through 215, Wyoming Statutes, it will be the policy of the Campbell County School District to report abuse or neglect whenever any person knows or has reasonable cause to believe or suspect that a child has been abused or neglected or observes any child being subjected to conditions or circumstances that would reasonably result in abuse or neglect.
The statute requires that if a person reporting child abuse or neglect is a member of the staff of the school, he or she is to notify the principal, or designee, as soon as possible, who is thereupon also responsible to make the report or cause the report to be made. Because of this requirement, any teacher or employee having any such knowledge is to make an initial report to the principal, or designee, of the school the child attends. The principal, or designee, will then notify the Superintendent, or designee.

The report by a teacher or employee to the principal does not relieve that individual of the obligation to report on his or her own behalf unless a report has already been made or will be made. The Wyoming Statutes are mandatory and absolutely require that a report be made. Failure to report would violate this provision of the law.

Reports are required to be given to the Department of Family Services (DFS) or a local law enforcement agency. The reports can be submitted in written form or by phone (doing both is recommended). Wyoming law requires that a written report from DFS be submitted back to the reporting party confirming or not confirming the facts reported; however, a written report may be dispensed with for good cause.

School employees will not contact the child’s family or other person to determine the cause of the suspected abuse or neglect. It is not the responsibility of the school employee to prove a child has been abused or neglected or to determine whether the child is in need of protection.

“Abuse” means inflicting or causing physical or mental injury, harm or imminent danger to the physical or mental health or welfare of the child other than by accidental means, including abandonment, excessive or unreasonable corporal punishment, malnutrition or substantial risk thereof by reason of intentional or unintentional neglect, and the commission or allowing the commission of a sexual offense against a child as defined by law.

“Neglect” means a failure or refusal by those responsible for the child’s welfare to provide adequate care, maintenance, supervision, education or medical, surgical or any other care necessary for the child’s well-being.

Interviewing of Alleged Victims During School Hours

The Department of Family Services and appropriate law enforcement agencies, upon making arrangements with the principal, or designee, of the school the student attends, will be allowed to interview alleged child abuse or neglect victims during school hours at a time and place convenient for the school and child, as determined by the principal, or designee. The principal, or designee, will be expected to be present during the interview process.

When investigating a report, the principal or designee shall endeavor to obtain, when possible, the consent of a parent or guardian to interview the child, except in those cases, which there is reason to believe that a parent or guardian is the perpetrator of the alleged abuse.

HOMELESS CHILDREN Policy 5027
It is the policy of Campbell County School District #1 that every child will have access to a free, appropriate education (FAPE). Children who are homeless have the same rights to FAPE as do other children, and the District is committed to assure that those rights are fully protected and honored.

ADOPTION DATE: January 23, 2001; Reviewed February 26, 2008; Revised January 12, 2016
REFERENCE(S): Section 504 of the Rehabilitation Act of 1973
CROSS REFERENCE(S):
ADMINISTRATIVE REGULATION: 5027-R

HOMELESS CHILDREN Regulation 5027-R
Homeless is defined as an individual who lacks a fixed, regular or adequate nighttime residence and includes but is not limited to an individual who has a primary nighttime residence that is:

1. A supervised publicly or privately operated shelter designed to provide temporary living accommodations (including welfare hotels, congregate shelters and transitional housing for the mentally ill);

2. An institution that provides a temporary residence for individuals intended to be institutionalized; or

3. A public or private place not designed for, or ordinarily used as a regular sleeping accommodation for human beings.

The terms “homeless” or “homeless individual” do not include any individual imprisoned or otherwise detained.

In determining whether a child or youth is homeless, the relative permanence of the living arrangements should be considered. Determinations will be made on a case-by-case basis. In general, children or youth living in welfare hotels, transitional housing shelters, the streets, cars, abandoned buildings and other inadequate accommodations will be considered homeless.

Children and Youth in Transitional or Emergency Shelters
If children or youth are placed in a transitional or emergency shelter because there is nowhere else to send them, and they are awaiting placement in a foster home or a home for neglected children, they will be considered homeless while in the emergency or transitional shelter. Once placed in a foster home or a home for neglected children or youth, they will no longer be considered homeless.

Children and Youth Living in Trailer Parks and Camping Grounds
Children and youth staying temporarily in trailer parks or
campgrounds because they lack adequate living accommodations will be considered homeless. Those living in trailer parks or camp areas on a long-term basis in adequate accommodations will not be considered homeless.

**Doubled-Up Children and Youth**
Children and youth who are living in “doubled-up” accommodations, that is, are sharing housing with other families or individuals, will be considered homeless if they are doubled-up because of a loss of housing or other similar situation. Families living in doubled-up accommodations voluntarily to save money generally will not be considered homeless.

**Foster Children and Youth**
In general, children and youth in foster homes will not be considered homeless. Many foster children are in the care of a public agency, awaiting placement in more permanent situations. The foster home, although temporary, serves as a fixed regular and adequate nighttime residence. Children placed in foster homes for lack of shelter space; however, will be considered homeless.

**Incarcerated Children and Youth**
Children and youth that are incarcerated for violation or alleged violation of a law will not be considered homeless even if prior to their incarceration they would have been considered homeless because they are living in inadequate accommodations. Children and youth who are under the care of the state and are being held in an institution because they have no other place to live will be considered homeless. Once these children are placed in more permanent facilities, they will no longer be considered homeless.

**Migratory Children and Youth**
Migratory children and youth will not be considered homeless simply because they are children of migratory families. To the extent that migratory children are staying in accommodations not fit for habitation, they will be considered homeless.

**Runaways**
Children or youth who have run away from home and live in runaway shelters, abandoned buildings, the street or other inadequate accommodations will be considered homeless, even if their parents have provided and are willing to provide a home for them.

**School-Aged, Unwed Mothers**
In general, if school-aged, unwed mothers or expectant mothers are living in homes for unwed mothers, and they have no other available living accommodations, they will be considered homeless. However, if they are staying in such a home only temporarily to receive specific health care or other services and intend to move to other adequate accommodations, they will not be considered homeless.

**Sick or Abandoned Children and Youth**
There are instances where children or youth remain in a hospital beyond the time they would normally stay for health reasons because their families have abandoned them. These children or youth will be considered homeless because they have no other place to live. Children or youth that were homeless prior to hospitalization will be considered to be homeless while they are in the hospital, unless regular and adequate living accommodations will be made available to them upon release from the hospital.

If a school has students who meet any of the above definitions of homeless, the student should be referred to the building principal. The principal will convene the necessary staff and community agencies needed to develop an action plan to provide the student with a free appropriate public education.

**Transportation**
Homeless students have the right to receive transportation to and from their school of origin or the school closest to where they are currently living, if requested. The request may come from the parent, guardian, youth, or CCSD staff. If the student’s temporary residence is outside of the Campbell County School District, the new district and CCSD will determine how to divide the responsibility and cost of providing transportation. Transportation services will be comparable to those provided to other students.

**Disputes**
If a dispute arises over any issue covered in this policy, the child or youth in transition will be admitted immediately to the school in which enrollment is being sought, pending final resolution of the dispute. The student will also have the rights of a student in transition to all appropriate educational services, transportation, free meals, and Title 1, Part A, services while the dispute is pending. The school where the dispute arises will provide the parent or unaccompanied youth with a written and/or oral explanation of its decision and the right to appeal and will refer the parent or youth to the local liaison immediately. The local liaison will ensure that the student is enrolled in the requested school and receiving services to which he or she is entitled and will resolve the dispute as expeditiously as possible. The parent or unaccompanied youth will be given every opportunity to participate meaningfully in the resolution of the dispute. The local liaison will keep records of all disputes in order to determine whether particular issues or schools are delaying or denying the enrollment of children and youth in transition repeatedly. The parent, unaccompanied youth, or other school district may appeal the school district’s decision as provided in the state’s dispute resolution process.

STUDENT HEALTH Regulation 5200-R Illness/Injury Supervision
Campbell County School District nurses assess and provide care for injured and ill students according to district policies and regulations, applicable local and federal laws, State Nurse Practice Act, and standards set forth by the American Nurses Association and National Association of School Nurses. Personnel covering the nurse’s office will utilize the guidelines in the booklet “Emergency First Aid and Nursing Office Guide for Schools” in the provision of care for students and staff.

Medications Administered by School Personnel

1. All Medications
   • All non-licensed personnel who give medication at school are required to participate in annual medication administration training.
   • All medication administered by school personnel must be approved by the U.S. Food and Drug Administration (FDA) unless a licensed healthcare provider signs the medication permission form. Information on dosage, side effects and contraindications of any medication or medicinal-like substance, given by school personnel, must be readily available from a professionally acknowledged resource (PDR or other U.S. published drug reference book, FDA or USP website, etc.).
   • School personnel have the right to refuse to administer any prescription, over-the-counter, or other medication and may seek medical opinion or advice pertaining to medication administration.
   • Medication provided by the parent/guardian must be in the original container in which the medication was purchased which should clearly state the name and strength of the medication and its proper use.
   • All medications shall be kept in secured storage with the exception of emergency medications that may be carried by a student with special written consent from the healthcare provider and parent/guardian.
   • A photo identification of the student will be available in a location accessible to all staff who will administer medication.
   • The person administering medications will appropriately document each time any medication is administered. Documentation will include the child’s name, date, time, medication, and identification of the person administering the medication.
   • School personnel cannot be held liable for adverse reactions suffered by the student after administering the medication as prescribed.
   • If a medication administration error occurs, a medication error form will be completed by the administering personnel and the error should be reported to the parent/guardian, the school nurse, and the prescribing healthcare provider when necessary.
   • All prescribed medication will be retrieved by a parent/guardian or disposed of by the school nurse at the end of the prescribed administration period or by the end of each school year, whichever occurs first. At the end of the school year, the parent/guardian is asked to retrieve any leftover personal medication stored in the nurse’s office. Medications not retrieved by the parent/guardian will be disposed of in an appropriate and legal manner.
   • CCSD nurses will not administer IV medications.
   • CCSD nurses will not administer allergy shots (immunotherapy).

2. Non-Prescription/Over-the-Counter (OTC) Medications
   • A limited supply of over-the-counter medications is kept at each school. A signed permission form indicating which of these medications a parent/guardian wishes his/her child to receive will be on file in the nurse’s office. If a signed permission form is not on file, the nurse may obtain verbal permission and instructions from the parent/guardian for administering the medication. However, a permission form should be completed by the parent/guardian within 24 hours of the nurse contact.
   • If a parent/guardian requests administration of an over-the-counter medication not supplied by the school, the parent/guardian must complete a medication permission form and provide the school with the medication.
   • Over-the-counter medication brought from home must be in the original container and labeled with the student’s name.
   • Administration of over-the-counter medications sent from home will be at the discretion of the school nurse and according to manufacturer’s recommendations.

3. Prescription Medications
   • Prescription medication will be dispensed by a school nurse, principal, or other designee, only when authorized in writing by the student’s parent/guardian per completion of a medication permission form.
   • If instructions and the permission form are not provided with the medication, the nurse may obtain verbal permission and instructions from the parent/guardian before administering the medication. However, a permission form should be completed by the parent/guardian within 24 hours of the nurse contact.
   • Medication permission forms must be renewed annually.
   • No student will be given prescription medication except upon order from a U.S. licensed physician, nurse practitioner, physician assistant, optometrist, or dentist who has the responsibility for medical management of the student.
   • If prescription medication is to be given at school longer than 30 days, the student’s healthcare provider must sign the medication permission form.
   • A written order from the prescriber must accompany any medication brought from home in the original container in which medication was purchased.
   • The school nurse will determine the schedule for medication administration unless specified by the prescriber.
   • The parent/guardian assumes full responsibility for the supply, appropriate handling and delivery, and security of all medications.
   • Reasonable efforts will be made to ensure that the student receives his/her medication. If a student persistently fails to report to the nurse’s office to receive medication, the parent/guardian will be notified.
   • The first dose of a new medication will not be administered by school personnel.

4. Special Consent to Carry and Self-Administer Medication
   • Students may be allowed to carry and/or self-administer life-
saving or life-maintaining medications on school grounds and/or at school functions.

- Such situations require a consent form signed by the healthcare provider and the parent/guardian verifying that the student has a severe medical condition requiring the student to carry and/or self-administer medications or treatments.

- Students as set forth above must take extraordinary precautions to keep the medication/supplies/equipment secure, and must not, under any circumstances, make available, provide, or administer the medication to another person. The student must immediately report the theft or loss of any medication occurring at school or during a school activity.

SUICIDE PREVENTION
Protecting the health and well-being of all students is of utmost importance to the school district. The school board has adopted a suicide prevention policy, which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends using coping skills, using support systems, and seeking help for themselves and friends. This will be integrated into the K-12 curriculum.

2. School counselors/social workers shall serve as a point of contact for students in crisis and to refer students to appropriate resources.

3. When a student is identified as being at risk, he or she will be assessed by a school counselor/social worker who will work with the student and help connect him or her to appropriate local resources.

4. Students will have access to national resources, which they can contact for additional support, such as:
   - The National Suicide Prevention Lifeline
     1-800-273-8255 (TALK)
     www.suicidepreventionlifeline.org
   - The Trevor Lifeline

5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they or a friend are feeling suicidal or in need of help.

6. Students should also know that because of the life-or-death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

III. ATTENDANCE

STUDENT ATTENDANCE K-12 Policy 5113
Campbell County School District maintains high expectations for students regarding attendance as well as achievement. All students enrolled in Campbell County schools are expected to be present for classes unless properly excused.

It is recognized that student absence from school may be necessary under certain conditions. However, every effort should be made by students, parents, teachers and administrators to keep absences and tardies to a minimum.

Student attendance is the responsibility of the parent(s)/guardian(s), and students. Schools and parents must keep each other informed about student absences to ensure that absences are proper and properly excused.

ADMINISTRATIVE REGULATION: 5113-R

STUDENT ATTENDANCE K-12 Regulation 5113-R
In all absences, it is the responsibility of the student’s parent(s)/guardian(s) to communicate with the school regarding student absences. When practical, it is advisable to let the school know in advance of any planned absences. Campbell County School District recognizes two types of absences: excused and unexcused.

EXCUSED ABSENCES
An excused absence is one in which the School District, with the knowledge of the parent, excuses the absence. The building principal has authority to assess and decide whether the absence is excused or unexcused. Failure to communicate with the school either during the absence or within two school days after the student returns may result in the absence being recorded as unexcused.

A maximum of 10 excused absences will be allowed in any one semester. Each absence beyond the 10 excused absences per semester will be unexcused. Exceptions will be made upon receiving certification from a competent medical authority stating specific days to be excused from school. A verified family emergency may also qualify as an excused absence.

In cases of prolonged or chronic illness (more than five consecutive days absent) and prior to the student’s return, the student must provide certification from a competent medical authority stating that the student may return to school. If the parent/guardian is unable to provide certification from the student’s healthcare provider, the student should be assessed by the school nurse to assure that they no longer meet exclusion criteria. When appropriate homebound instruction will be considered.

Students submitting make-up work due to an excused absence will be permitted to do assigned work without penalty within a reasonable amount of time as established by each school.

UNEXCUSED ABSENCES
All absences falling into this category are truancies. A student is considered truant (unexcused) when he/she is absent without the knowledge of the parent(s)/guardian(s) and/or school officials, or if the absence cannot otherwise be excused by the building principal and/or District attendance officer. An “F” grade or equivalent will be recorded for each class and activity missed during the student’s truancy.

TRUANCIES
Each building will establish procedures regarding disciplinary action for unexcused absences. The District will establish additional actions for truancies applying differently to compulsory and non-compulsory students.

Following a truancy, the student will be required to have a conference with the building principal or his/her designee. The parents/guardians are to be notified by phone, when possible, and/or by letter, or by the attendance officer, within 48 hours of the principal’s/designee’s administering the consequences for the truancy. Interventions will be taken to establish corrective steps to improve the student’s attendance and prevent future truancies.

Upon the second truancy, the District attendance officer will have a conference with the truant student, his/her parent(s)/guardian(s), and appropriate building staff. At this meeting, the attendance officer will explain state statutes regarding truancies and possible future actions. Upon the third truancy, school personnel will notify the attendance officer who will send a registered letter notifying the parents of the third truancy and the action to be taken for any subsequent truancies.

Any compulsory student, having not completed the 10th grade, or reaching 16 years of age, who has accumulated five or more days of truancy in any one school year, may be referred to the Superintendent by the principal or the attendance officer. The Superintendent will schedule a truancy hearing. Upon conclusion of the hearing, the Superintendent may recommend to the Board of Trustees that the student should be classified as habitually truant.

Any non-compulsory student having completed the 10th grade, or reaching 16 years of age, who has accumulated five or more days of truancy in any one school year will be considered as a continued, willful, disobedient student and as such could be scheduled for an expulsion hearing.

The parent(s)/guardian(s), or other person having control or charge of any child under the age of eighteen (18), who has not otherwise notified the district of enrolling their child in a different school district, private school; or home-based educational program; shall be required to meet in person with a school district counselor or administrator to provide the school district with written consent to withdraw their child from school attendance. The written Consent to Withdrawal shall include a separate provision authorizing the release of the student’s identity and address to the Wyoming National Guard Youth Challenge Program as established by W.S. 19-9-701 or as may be amended for the sole purpose of recruitment into the Wyoming National Guard Youth Challenge Program.

(NOTE: The withdrawal form is not included in this publication; however, it is available as part of Regulation 5113-R at ccsd.k12.wy.us)

   - The building principal or his/her designee;
   - A teacher who will be responsible for notifying the building principal or his/her designee immediately if the matter cannot be adequately addressed by the teacher or is sufficiently serious to warrant administrative intervention;
   - A counselor, who is responsible for notifying the building principal or his/her designee immediately if the matter cannot be addressed by the counselor or is sufficiently serious to warrant administrative intervention;
   - The superintendent of schools or his designee.

2. Teachers, counselors and other certified, classified and administrative staff who observe students engaging in bullying behavior are responsible for taking action to timely and appropriately address the behavior and/or timely report the
incidence to the administrator or his/her designee.

3. Students and parents are encouraged to resolve concerns through discussions with school staff. However, if they are unable to resolve the complaint and believe the student is the recipient of bullying, they are encouraged to follow the procedure outlined in this policy.

4. Reports may be made anonymously through a variety of means. Anonymous reports will be investigated and addressed consistent with the investigation process under this policy. Formal disciplinary action shall not be taken solely on the basis of an anonymous report unless the allegation has been investigated and corroborating evidence indicates a policy violation.

5. While many concerns may be resolved through an informal process, the severity and/or nature of a specific incident may require an immediate formal complaint and disciplinary action.

Complaint Process
1. Reporting parties may use informal procedures such as oral reports to report and resolve lesser and/or isolated complaints of bullying or retaliation, which do not result in physical harm or meet other criteria for formal reporting as noticed in #2, below. Such complaints will be appropriately investigated and addressed by teachers, counselors or other adults consistent with due process requirements. Substantiated reports will be documented in the PowerSchool and/or student disciplinary file. Repeat offenses shall be referred to the principal or his/her designee.

2. Formal complaints should be made in writing and submitted to the appropriate administrator or his/her designee. Forms shall be available for reporting, although the use of a specific form is not mandatory in order to lodge a formal complaint if the reporting party is unable or unwilling. Formal complaints are warranted any time such a report and investigation is requested by any parent, student or other person, when bullying involves threats, is physical in nature, causes physical harm, is repeated (i.e., more than once), is unusual in nature, is perpetrated by a group or groups of students or others, is racial or discriminatory in nature and/or otherwise highly offensive in nature and leaves the victim feeling defenseless or vulnerable.

3. A copy of all formal complaints, investigations and results should be forwarded to the Student Support Services office within seven (7) school days of completing the documentation. Such files shall be stored in a confidential manner, with access limited to administrative personnel and their designees. File information shall also be available to administrative personnel or their designees for the gathering and reporting of statistical and other data, which does not individually identify the individuals therein.

Investigation
1. In all schools the principal or his/her designee shall be responsible for timely investigation of a complaint made under this policy. Alleged serious violations shall be promptly investigated and documented. While the investigator will make efforts to maintain confidentiality to the extent reasonably possible, reporting parties shall not be promised full confidentiality.

2. The complaint, investigation, witness and other information shall be documented along with the findings. Substantiated reports will be documented in PowerSchool and/or student discipline file.

3. Both the alleged student victim and the individual accused of bullying behavior shall have the opportunity to be heard by the investigating adult or a designee prior to a final “substantiated” or “unsubstantiated” finding.

4. For formal complaints, the complainant and reported party, and their respective parents or guardians, shall be notified of whether the allegations are substantiated or unsubstantiated and, if appropriate, that remedial action has or will be taken.

Consequences and Remedial Actions for Substantiated Reports
1. Students whose behavior is found to be in violation of this policy will be subject to discipline up to and including expulsion.

2. Schools may attempt to assist students and/or parents in resolving concerns and issues prior to the use of the formal complaint process, investigation, and disciplinary procedures. These interventions may include consultation, counseling, education, mediation and/or other opportunities for problem solving between the parties.

3. Consequences and remedial actions shall be determined, taking into consideration the context of events, all relevant circumstances, and the parties’ prior behavior, the nature of the bullying behavior and its potential harm and the emotional and/or physical harm resulting from the reported party’s actions.

Protection of Victims from Additional Bullying or Retaliation/Reprisal
1. The principal or his/her designee shall be responsible for working with the student, parents and others to timely develop and implement strategies for protecting the reporting party and/or affected student following the report of threat, hazing, harassment, intimidation, menacing, cyber-bullying, bullying, sexting, reprisal or retaliation.

2. Such strategies may include, but are not limited to, monitoring, counseling, follow-up checks with the student and/or parent, safety plans for the affected student, reassignment of one or more students and other protective planning and/or interventions.

3. The student who has been bullied, or his/her parent, is responsible for reporting any reprisal or retaliation.

Consequences and Remedial Actions for False Accusations
1. False accusations of bullying shall be immediately reported by the affected party or an adult to the school principal or his/her designee.

2. False accusation reports shall be investigated, consistent with due process procedures noted under “investigation” above.

3. Persons found to have made false accusation reports shall be disciplined up to and including expulsion or dismissal.

4. For formal complaints, the complainant and reported party, and their respective parents or guardians shall be notified whether the allegations are substantiated or unsubstantiated and, if appropriate, that remedial action has or will be taken.

- Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual’s employment or education; or
- That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual’s employment or education or creating an intimidating, hostile or offensive employment or educational environment.

Sexual harassment may include, but is not limited to:

- Unwelcome pressure for sexual activity;
- Unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt threats concerning an individual’s employment or educational status;

Reporting
Any person who believes he or she has been the victim of sexual harassment by a student, teacher, administrator or other school personnel, or any person with knowledge or belief of conduct which may constitute sexual harassment should report the alleged acts immediately to an appropriate official as designated in 5275-R. A report form is available from the principal of each building and the district central office; however, oral complaints will be considered complaints as well. Nothing in this policy shall prevent any person from reporting sexual harassment directly to the Director of Student Support Services or the Deputy Superintendent. HOMEWORK Policy 6140
The Board of Trustees recognizes the purpose of meaningful homework assignments that include practicing a learned skill, extension of a skill; and helping students develop responsibility, good study habits, and self-discipline. Parents have every right to expect a general school-wide homework policy that promotes academic achievement, accountability, and responsibility. Professional school staff will make informed judgments regarding homework that take into consideration the increased demands on the non-school lives of children and home situations.

It is recognized that there are many meaningful learning experiences and responsibilities for students outside the school days, and teachers should be considerate of these activities.

HOMEWORK Regulation 6140-R
Each school in Campbell County School District will set and communicate homework expectations to students, parents, and staff. Homework is defined as a set of tasks assigned to students by their teachers to be completed outside the class. This may include required reading, writing, mathematical exercises, test review, and other skills to be practiced. Teachers will assign homework according to age, maturity level, individual needs, course rigor, and interest of the students.

Teachers should consider student time constraints and homework in other classes.

Following are some suggested general guidelines for the amount of time, per student, to be spent doing homework. As these are average guidelines, teachers need to be cognizant of individual student differences when assigning homework.

- Primary Grades K-3: 10-20 minutes per day
- Intermediate Grades 4-6: 20-30 minutes per day
- Junior High: 30-45 minutes per day

STUDENT RETENTION AND PROMOTION Regulation 5123-R Grades K-6
Campbell County School District recognizes that additional time is required by some students to be able to perform successfully at grade level. Therefore, programs such as Extended Learning Opportunities and other building and District programs are provided to help meet the needs of these learners. However, if the student is not performing at grade level after these substantial interventions, he or she may be retained.

The decision for retention lies with the building teachers and principal with input from the parent. Parents should be notified by the end of the third quarter if there is any possibility of retention. Students enrolling during second semester that are being considered for retention will be notified on a case-by-case basis.

Junior High
To be promoted to the next grade, a pupil must pass the equivalent of five full-year courses in the current academic year. The five courses passed must include two courses from the following list: mathematics, English, science and social studies. The remaining three may be from any other courses taken. The parent/guardian of a student desiring promotion with four or more credits, yet failing to meet specific credits required for promotion, must apply to the appropriate junior or senior high school principal for a waiver of the requirements.

Parents should be notified by the end of the third quarter if there is any possibility of retention. Notice of retention will be mailed within two weeks of the completion of the academic year. Face-to-face meetings are encouraged.

Campbell County School District High School Graduation Progress
High school students residing in, or moving to Campbell County
School district will all have their progress toward on-time graduation measured against the date at which they began high school. A student’s expected on-time, 4-year, high school graduation year is based on the year and the grade in which the student first attended high school.

High school students will have their progress toward on-time graduation measured by the total credits that are attained each year. High school students that do not successfully attain credits will be notified of the possibility of not graduating on time and will be identified as at-risk of not graduating with their class.

EXTREME WEATHER CONDITIONS, SCHOOL CLOSURES & EMERGENCIES

Students will be outside during cold weather. Please make sure your children are dressed in warm clothing. Boots, gloves, hats, and coats help your children to be more comfortable. Appropriate footwear should be worn in wet or snowy weather.

Elementary students will not go outside in extreme weather conditions. Extreme weather will be defined as when the temperature or temperature with wind chill is below 0. Factors that may be taken into consideration are wind chill, precipitation, playground exposure, and length of recess.

Requests for students to stay in at recess because of illness will require a written request from the parent/guardian stating the reason. This request will be honored for one day. Additional days may require an excuse from a physician or the school nurse.

If a blizzard occurs, schools may be closed. Parents should assume buses are running normally and schools are open as scheduled unless they receive a message from a district administrator via a mass communication system or hear announcements to the contrary on the radio.

Administrators may notify parents of school closures and other emergencies through recorded messages facilitated through the mass communication system, which distributes information to parents via telephone and/or e-mail. Inclement weather decisions are generally made between 5:30 and 6:00 a.m.

EMERGENCY SCHOOL DISMISSAL

The Board of Trustees recognizes that emergencies will occur and directs the Superintendent to formulate procedures and regulations to follow in such emergencies. A copy of these regulations and procedures will be distributed to all schools and these will be followed in the event that early dismissal or the closing of school is necessary. The Superintendent or designee is to use good judgment in making such decisions.

In the event school closure causes the number of days of school to fall below the state requirement, make-up days will be added to the school calendar.

The District must provide a meal if they have money in-hand to pay for the current meal regardless of any account balance. The District does have the right to refuse to serve a reimbursable meal if these students have reached the charge limit. An alternative meal will be offered. A reimbursable meal is defined as a meal in which five components are offered - milk, fruit, vegetable, meat (or an approved meat alternate like beans, yogurt or cheese), and grain. For a meal to be reimbursable, students must choose three full portions of the five, with at least one choice being a fruit or vegetable.

- **Reduced Price**: Students must qualify by making application to receive school meals at a reduced price if the household income meets eligibility requirements set by the United States Department of Agriculture (USDA). Students receiving reduced price meals are expected to take a reimbursable meal and pay for all meals purchased at the time of sale or on credit as allowed by the District. These students must always be provided a meal, even if the student owes money. Children whose families have income between 130-185% federal poverty level can qualify for reduced price meals.

- **Free**: Students may be eligible to receive free school meals and may qualify by making application. These students must always be provided a meal even if the student owes money. Children whose families have income at or below 130% of the federal poverty level can qualify for free meals.

**Allowable School Meal Charges**
Any student in grades K-6 who does not have money to pay for their meals will be allowed to charge the District cost of five lunches. Snacks and drinks will not be allowed to be charged.

Any student in grades 7-12 who does not have money to pay for their meals will be allowed to charge the District cost of five lunches. Snacks and drinks will not be allowed to be charged.

**Resolution**
School contacts will be made daily to the parent/guardian of a student who has a negative meal account. The following resolutions may be made to be proactive in parent notification in an effort to control balances.

- Low balance notices will be sent home prior to students needing to charge meals.
- Individual schools will notify parents of negative balances.
- Notify and/or work with principals and school counselors to understand the student and parent’s situation and if a free/reduced price application is needed.

Once a child reaches their maximum in charges (paying student), a phone call will be made to the home stating the student has reached the maximum charge limit. If the student owes the maximum charge limit on the account, and the student comes to school without money, the student will receive an alternative meal. An alternative meal is an individually wrapped cheese sandwich and a milk. These meals are not allowed to be reimbursable, but still provide the child with adequate servings of protein, whole grains, vitamins, and minerals.

School personnel cannot deny a current meal to pay for a past due account when the child is either prepaying or pays on a daily basis. However, if a child has a negative balance in their account, they will not be permitted to purchase a snack or drink until their negative balance is paid.

**Collection**
Parents will be responsible for paying for student’s meals and any charges incurred prior to submission of an application for free and reduced lunch, if applicable.

Once it is determined that a delinquent account is not collectible, it shall be considered a bad debt and treated as an operating loss, which cannot be absorbed by the non-profit food service account.

Campbell County School District may, if it is unable to collect the delinquent meal charge, turn the matter over to a collection agency to pursue collection and/or refuse to award the student credit until the unpaid charge is paid, in accordance with W.S. 21-4-308. If it is determined, after six (6) months of efforts to collect delinquent accounts, that it will not be paid, the district may consider it a bad debt and treat it as an operating loss. Documentation of collection efforts shall be maintained.

**Notification**
The District will provide a copy of this policy and regulation, via the student handbook, to all student households at the beginning of each school year. Transfer students will receive a copy of this policy and regulation via the student handbook.

**SCHOOL LUNCH – JUNIOR HIGH SCHOOLS**

The junior high schools in Campbell County School District operate under a closed campus plan. Students in those schools must stay at school during lunch periods with one exception: The school principal may grant a lunch period pass to any student who lives close enough to the school to get home for lunch and back to school within the allotted lunch period time. Parents must make a written request to the principal for their child’s lunch pass.

Services Provided
1. Email Services for Staff
Campbell County School District’s official email system for school business is First Class. Although Google email is a powerful email program that staff may use to communicate with students, First Class is the email system used to communicate with parents and other staff members.

All district email, including First Class and CCSD Google email, belongs to the district and should not be considered private. It can be accessed for Freedom of Information requests, eDiscovery, or administrative reasons. First Class email is archived for three years.

2. Google Apps for Education (GAFE)
Google Apps for Education is a free, web-based suite of programs available for staff and students in Campbell County School District. Google Apps for Education provides our students practice in using current technology applications and tools to communicate, collaborate, create, and apply critical thinking. Since documents are all stored safely on the Google servers, we do not have to worry about losing data from a hard-drive crash or other computer glitches. Documents can be accessed using any Internet-based device.

In Campbell County School District, access to Google Apps for Education is determined by grade level:

- Grades K-2 will have access through a generic teacher/class account.
- Grades 3-6 will have their own username and password providing access to Google Apps, e.g., word processing, drawing, presentation, forms, and spreadsheet programs. All elementary email accounts are turned off.
- Grades 7-12 will have their own username and password providing access to Google Apps, e.g., word processing, drawing, presentation, forms, spreadsheet, and email programs. In the event that parents do not want their secondary students to have access to Google mail, they must contact their school administrator to discuss their concerns.

Filtering and Monitoring
1. Expectation of Privacy
At any time and without prior notice, CCSD reserves the right to monitor, inspect, copy, review, and store any and all usage of technology devices, digital resources, and network infrastructure, along with information technology as well as any information sent
or received in connection with this usage. Staff and students should not have any expectation of privacy regarding such materials.

2. Content Filtering -- Best Intent to Protect
Campbell County School District’s intent is to provide safe digital environments for learners and to instill safe practices and habits among the learning community. Campbell County School District uses software designed to block access to certain sites and filter content as required by the Children’s Internet Protection Act, 47 U.S.C. §254 (CIPA). Campbell County School District is aware that not all inappropriate information can be filtered, and the district will make an effort to correct any known gaps in the filtering of information without unduly inhibiting the educational use of age-appropriate content by staff and students. Users will inform teachers or administrators of any inadvertent access to inappropriate material, in order that there is appropriate modification of the filtering profile. Campbell County School District educates students about appropriate online behavior.

Digital citizenship is taught in elementary technology classes and secondary health classes.

3. Monitoring
Campbell County School District monitors the use of the district’s network to protect the integrity and optimal operation of all computer and system networks. There is no expectation of privacy related to information stored and transmitted over the Campbell County School District network. The information on the network in general files and email is not private and is subject to review.

Campbell County School District will cooperate with copyright protection agencies investigating infringement by users on our systems.

Technicians and computer system administrators have full access rights to the storage devices they manage as part of their duties. Routine maintenance and monitoring of the system could lead to discovery that a user has or is violating district policies, state laws, or federal laws. Search of particular files of a user could be conducted if there was reasonable suspicion that a user has violated the law or Campbell County School District policies.

**STUDENT USE OF ELECTRONIC AND RECORDING DEVICES**

**POLICY 5330**

**Scope**

These guidelines apply to individual students and to any electronic recording device, including, but not limited to, cellular telephones, digital cameras, stand-alone video cameras, Internet accessible webcams, video recorders, audio recorders, personal laptop computers, handhelds, portable music players, unauthorized calculators, unauthorized electronic dictionaries, personal digital assistants, and software designed to monitor computer use by a specific user.

**Existing Policies and Practices**

Use of these devices and application of these guidelines must comply with existing district policies and practices including but not limited to the Sexual Harassment Policy, the Student Code of Conduct, the Information Technology Acceptable Use Policy, applicable building procedures, district policies, and State and Federal laws.

**Acceptable Uses**

Use of electronic recording devices to facilitate specific instructional and administrative services is permitted based on established policies and practices. Such uses include, but are not limited to, district publications, athletic programs and theatrical productions.

Specific district venues or events may have additional guidelines for use of electronic devices. It is the responsibility of the owner/sponsor to notify attendees of any restrictions that may apply; (e.g., athletics, recreational sports, Cam-Plex Events Center, etc.)

Absent approved policies, standards, guidelines, and procedures to the contrary for such authorized services, the guidelines below should be followed.

**Expectation of Privacy**

Taking photos or making audio or video recordings without permission in any context in which the person has a reasonable expectation of privacy such as private offices, rest rooms, changing rooms, labs, classrooms, and conference rooms is prohibited. Only persons authorized, by the building administrator, will be allowed to photograph or record in restricted areas for specific purposes will be allowed to do so. These persons might include media or yearbook photojournalists.

It is also not acceptable to publish pictures or recordings taken in an inappropriate situation. In other words, a picture or recording taken under prohibited conditions is also prohibited from being published. This includes pictures taken off district property and brought to the district for distribution. Transmission on the Internet constitutes publication. Additionally, all media transmitted are subject to all applicable policies and laws; including copyright, as is any other digital document. The use of electronic devices to transmit or record images or conversations without explicit permission and acknowledgment of all parties is prohibited. Exceptions for law enforcement purposes may be granted. Any other exceptions must comply with applicable policies and laws and be approved by the Superintendent or designee.

**Use in Classes, Exams, and Meetings**

During classes, exams, or meetings, electronic communication devices (e.g., cell phones, pagers, handhelds, etc.) shall not be used without permission. Exceptions may be made in an
emergency or other unusual circumstance, or for an educational reason or exception. When use of electronic devices is necessary arrangements should be made in advance, when feasible, with the instructor or meeting sponsor. It is up to the instructor, sponsor, or leader to inform participants of specific prohibitions or allowances prior to the start of the class or meeting.

Electronic devices may be used to record a lecture, presentation, interview, or similar activity with prior permission of the individual being recorded. This permission does not extend to others who may be present. Written permission must be obtained prior to recording or transmitting someone’s image or speech over the airwaves, on the web, as part of a class assignment, or any district-sponsored activity or program. Absence of permission may constitute a copyright violation.

A student may be found to have engaged in academic dishonesty if he or she provides inappropriate aid to another person in connection with a test, assignment, or other material used or intended to be used to evaluate academic performance. This includes the unauthorized use of electronic devices to record, copy, photograph, or otherwise transmit related materials.

**Violations**

Violation of this policy may result in access privileges being revoked, and students may be subject to appropriate legal action. In addition, as a student, any violation of this policy may be considered willful disobedience and defiance of the authority of school personnel and may result in disciplinary action to include suspension or expulsion, as determined by district administration.

**ADDITIONAL DISTRICT INFORMATION**

**TITLE III, ENGLISH LEARNERS (ELs), AND TRANSLATION SERVICES**

Federal Title III guidelines require educational opportunities for ELs to be successful in CCSD. The Home Language Survey (HLS) on the Student Registration Form identifies students who have a language other than English. Shortly after enrolling, ELs are given a screening assessment to help determine their level of English proficiency. ELs who are limited English proficient (LEP) are entitled to instructional interventions that will allow them to better access CCSD’s curricula and acquire proficiency in English. CCSD provides elementary and secondary English as a Second Language (ESL) pullout programs at selected locations. As a parent, you may request or refuse an ESL pullout program for your child. Translation services are coordinated through CCSD’s Title III office to help families with questions about essential education programs in their school and the district. Parents who have questions or concerns regarding Title III or translation services are encouraged to contact the Director of Title III, Brandon Crosby, at Meadowlark Elementary School, (307) 682-4740 or 816 East Seventh Street, Gillette, WY 82716.

**DISCIPLINE**

The schools of Campbell County expect acceptable behavior from all students, and the goal of this discipline plan is to help students exhibit acceptable standards of conduct. Discipline should not be confused with punishment. When discipline is necessary, corrective measures used will depend on the nature and frequency of the misconduct and the degree to which the student is willing to try to correct the undesirable behavior.

Corrective measures will begin at a minimal level and then proceed to more severe levels. These procedures may include but are not limited to student conferences with school personnel, detention, loss of school privileges, work detail, action plan (written or oral), parent/guardian conference with school personnel, modified school program, corporal discipline, suspension, referral to police or other appropriate community agencies, referral to superintendent, and/or expulsion.

A principal, during an absence, may appoint a teacher as temporary acting principal.

**ATTENDANCE AREA CHANGE REQUEST GUIDELINES FOR ELEMENTARY SCHOOLS**

The Campbell County School Board of Trustees has established attendance areas for all students attending Campbell County schools. A student may apply to go to any school that has available room, subject to any conditions set by the principal. Attendance Area Change Requests (AACR) will be approved or denied by the principal of the receiving school. If the request is approved, it is in effect for the full school year, subject to any conditions set by the principal. If AACRs are revoked or denied, students should be kept until a natural break occurs and sent to the home-based school, provided an opening exists. Busing outside the attendance area is not provided unless available transportation can be utilized and is approved by the Transportation Department. Approved Attendance Area Change Requests are in effect for the current school year or the remainder of that year. Subsequent years will require the submission of additional requests.

**CLUSTER SCHOOL PRIORITY GUIDELINES FOR ELEMENTARY SCHOOLS**

When a school reaches the recommended class size, students should be clustered to other schools using the following guidelines:

1. Students are clustered to the school closest to their home school that has room for that student or the closest school that has room for all students in the family.

2. In cluster situations, the home-based school will be responsible for registering students and then arranging their placement in another school. Every attempt will be made to complete those arrangements within one school day.

3. Additional student(s) will be transported to a cluster school. Proximity, transportation, and class size should be considered when making the placement. Parental choice of cluster schools may be considered if other factors are not adversely affected. When cluster school class sizes are at recommended levels, students will be transported to another CCSD school.

4. When one or more grades are full or closed at the home-based school, a family can choose to split the enrollment of their children between the home-based school and another school that has available room, or the family can enroll their children at a school that has room to accommodate siblings.

5. Cluster students should be offered slots at their home-based school as they become available during the year. Parents have the option of returning their children to the home school or having them stay at the cluster school for the remainder of the year. Remaining in the cluster school does not affect students’ priority status for returning to their home school the next school year.

6. Students should not be forced to change schools during the school year.

7. Cluster students may return to their home-based schools the
next school year in the same order as they were clustered out, as space permits. Students would remain as cluster students if there is no space available at their home-based school, or if they have not moved and choose to stay at the clustered school.

8. District class-size recommendations will be used for determining space for cluster students. Schools with District programs (except Hearing Impaired) serving special needs students may save one slot per grade level for transfers. If a school has a District program, the principal has the option to accept siblings and categorize them as cluster students.

**Attention Juniors**: College entrance exam legislation, W.S. 21-2-202 requires all 11th grade students to take either a college entrance exam or a job skills assessment test in the spring of their junior year. The Wyoming Department of Education selected and contracted with ACT, Inc. to administer this testing requirement. The college entrance exam will be the ACT test. The ACT will be administered in March and have a makeup in April. More information will be distributed to juniors throughout the year regarding this requirement.
GRADING AND REPORTING STUDENT PROGRESS 2019-2020

Citizenship Lunch
CCHS is an open campus. Students choosing to spend their lunch hour off campus are expected to behave as good citizens while out in the community. Students in good academic standing are free to leave campus during their lunch period; however, this freedom is a privilege not a right. If a student abuses this privilege, he/she will be referred to the administration and may be assigned to detention lunch.

Community Project for Seniors
Campbell County High School encourages all students to access as many diverse learning opportunities as possible during their high school career. This option allows a student to pursue experiences in the home and community and requires a signature of parent/guardian upon approval.

Students are to be aware that Community Project eligibility will be evaluated periodically and early release can be gained or lost at administration’s discretion. Students taking advantage of the community project opportunity are also advised that early release can be revoked if students grades become in jeopardy as determined by the Administration.

When students choose the early release option, with parent/guardian approval, the student is expected to EXIT THE SCHOOL promptly during the early release hour. An early release student may make prior arrangements to work on specific projects at CCHS.

The student is responsible for obtaining a pass from a teacher prior to staying in the building during the early release period. When a teacher issues a pass for an early release student, the teacher then accepts responsibility for the student and ALL REGULAR SCHOOL RULES APPLY, including hall passes. If a student comes back into the building for any reason during his/her early release period, he/she is not allowed to park in visitor parking and should report in at the campus supervisor’s office. The provisions are to ensure the safety of the students, especially during emergency situations.

Tardy Procedures
Punctuality is an important life skill and tardiness is extremely disruptive to the education process as well as disrespectful to the school and its educators. A student is considered tardy if he/she is not in the classroom when the bell rings. A student who is more than 10 minutes late is considered absent. Tardies are cumulative through the semester.

1. When a student is tardy to class, they will receive a detention form from their teacher. The teacher will assign them a detention – Before school, after school, or at lunch – and give the student a copy of the detention form.
2. Tardy forms will be collected each class period and the attendance office will enter detentions into the database. If a student has a valid reason and needs to reschedule a detention, he or she must do so prior to the scheduled time at the attendance office.
3. If a student fails to serve a detention, he or she will receive a disciplinary referral and will receive consequences from administration.
4. If multiple tardies are accrued, students will also be referred to administration and subsequent actions may be taken, including but not limited to, a parent conference, closed-campus lunch, mandatory school service, IDSP time, and out of school suspension.

Attendance Procedures
Campbell County High School has implemented an Automated Phone System to notify parents/guardians of their student’s absences. **Please check with the attendance office to ensure we have the proper telephone numbers to contact you.** Parents are required to notify the attendance office within 48 hours of their child’s absence. All absences will be changed to truant if not excused. The school cannot accept verification from anyone who is not listed as a parent/guardian and may call to verify notes. Students absent TEN consecutive days without contacting the attendance office will be dropped from the roll and will lose credit for the semester. Extenuating circumstances will be considered and dealt with on an individual basis.

Campbell County High School will take calls from 7:00 a.m. until 4:00 p.m. at 682-7247. You can call before or after hours and leave a message on voicemail.

**Tardy Slip** – A slip that allows a student to return to class from an absence. These will only be given to students who have an excused absence. However, all students must check into the attendance office when leaving or returning to the building. **Once students secure a tardy slip, it is their responsibility to present it to their teacher.**

**Make-Up Work** – Students may arrange to have the Guidance department collect their assignments and books for pick up **ONLY** after the student has missed three (3) consecutive days. Students who know ahead of time of upcoming absences are responsible to collect their own homework and also meet any previously established due dates. **For excused absences, without penalty, TWO (2) days will be allowed for each day of school missed to make up work.** The make-up time period begins when the student returns to class. Students are responsible for contacting each of their instructors regarding their assignments upon returning to school from an excused absence situation. A student who has an absence resulting from suspension is responsible for making arrangements during their suspension to get make-up work and shall be expected to complete the work missed within two (2) class days of returning. In the case of all other unexcused absences, students will receive NHI (Not Handed In) for all work missed, until the work is made up. The administration will make a final determination in the case of the classification of the absence.

**Leaving the Building During School** – Once a student arrives at school, they are expected to attend all classes and required school functions for the remainder of the day. Students who expect to leave school during their lunch, and won’t return for the next class will need to get a permit to leave before they go. We will require parental permission to obtain a permit. Leaving without a permit will result in appropriate attendance violation consequences.

**Permit to Leave the Building** – A slip issued by the attendance office to allow you to leave the school grounds. Permits to leave are only issued by the attendance office or the nurse. This is the only legitimate way a student is allowed to leave the building.

**Accidents or Illnesses at School** – Students are expected to attend all classes. If an accident or illness prevents you from doing so, contact the nurse, a secretary, teacher, or administrator at once for help. If it is determined that you should go home, you will be expected to follow the rules for **LEAVING THE BUILDING DURING SCHOOL**, as outlined above.

**Prolonged Illness** – Students expecting to miss more than ten consecutive days of school due to
medical situations may apply for homebound instruction. The process of application essentially involves stating the circumstances and providing written verification from a doctor. The counselor of the student in question or the District Attendance Officer should be contacted for particulars.

**Behavioral Interventions**
Behavioral Interventions are focused on social/emotional & attendance issues that may arise. If a student appears to have chronic absences, particularly unexcused absences, school counselors and principals will intervene. If a student demonstrates difficulty maintaining appropriate social/emotional behavior, school principals will also take action. In either case, school principals will work with school counselors, teachers, district-level resources, community agencies (when appropriate), and parents to ensure that behavioral issues are addressed appropriately.

**Academic Interventions**
Building-wide academic interventions are focused on ensuring that all students are passing all of their classes. Students that are unable to submit coursework on time or maintain passing grades will be identified by intervention teams and will also be provided additional support. Additional support may include, but is not limited to: academic lunch, schedule modification, extended learning opportunities, or Saturday School assignment. Students that do not experience academic success with intervention supports, will be carefully reviewed to determine if more intensive supports or services are needed.
STUDENT DISCIPLINE PROCEDURES

ADMINISTRATIVE DETENTION – Times will be before/after school and during the lunch period. Transportation arrangements are the responsibility of the student. Students may not be excused except in the case of a medical appointment, which can be verified.

ADMINISTRATIVE PROBATION – Before a student is taken before the Board of Trustees for an expulsion hearing, he/she may be placed on Administrative Probation. This probation contract establishes conditions that must be met by the student in order to remain in school. Failure to abide by the contract will result in an expulsion hearing before the Board of Trustees.

IN-SCHOOL DISCIPLINE (IDP or CUBES) – IDP is used as an alternative educational program at the school site during regular school hours. Students are required to bring the necessary materials and lunch or lunch card to spend the day completing their course work individually. No outside food/drinks may be delivered.

OUT-OF-SCHOOL SUSPENSION (OSS) – It is the student's responsibility to get work from all classes missed.

SATURDAY SCHOOL (SS) – It is the student’s responsibility to bring constructive school work. Failure to attend will result in out of school suspension or other disciplinary consequences.

SPECIALIZED TREATMENT AND REHABILITATION (S.T.A.R.) – S.T.A.R. addresses the needs of the secondary school children who are placed in the program. S.T.A.R. will provide for the child’s education while teaching teamwork, discipline, and life skills.

SCHOOL SERVICE – Must be completed during non-academic time with the custodial staff in a non-mechanical activity for a specified period of time. Must be completed within the specified amount of time given or will be considered to be uncooperative behavior, and appropriate consequences will be assigned. The disciplinarian and/or administrators may place students in IDP for a single period, half days, or one day based on the infraction.

2. Use of parking lots is a privilege. Failure to observe parking lot rules and regulations will result in fines and police contact or revocation of parking privileges. All vehicles must pull forward into the parking space. Backing into spaces is not allowed. Do not pull through one parking space into another. All vehicles must have their front bumpers pointing at the centerline of the parking lanes. No saving parking spaces for other vehicles.

However, costs may be assessed at the end of the school term for damage considered over and above normal use of the lockers or the combination locks. Lockers and any articles or property contained in the locker, may be inspected from time to time by the principal or any designated representative for the purpose of school safety, cleanliness, or suspected violations of district policies. Students are expected to remain in the locker assigned to them. Students should keep valuables locked up at all times and should never tamper with the locks so they remain open. A student can request to have their locker combination changed by coming to the Business office. Anything in the lockers is susceptible to being searched.
SCHOOL LUNCH PROGRAM
Bryan Young
Director of Food Service

The Campbell County School District Food Service/Nutrition Program offers a variety of food choices daily. Along with the regular school breakfast and lunch, ala-carte or single serve items are sold separately. A variety of entrees, fruits, and vegetables are offered daily as well as side options. This school year there will be some significant changes in the items that are available in the ala-carte line. These changes are part of the healthy schools task force as well as your school food service department's efforts to increase and support healthy choices for students.

Regular Student Meal prices are:

Breakfast 1.50    Lunch 3.00

Free and reduced meals are available to those that qualify. Meal applications are available at the Food Service Department, Business Office and the Counseling Department. Meal accounts may be opened or money applied to accounts from 7:00 a.m. ~ 8:00 a.m. and during lunch at the serving areas. Meals may be purchased with cash; however, the meal accounting system is preferred. Meal tickets are no longer issued. Your student ID number is all that is required to purchase meals or ala-carte. This is done at the point of service where the student keys in his/her student ID number, and the transaction is made. To ensure that the right student is using the correct ID number, the student's picture appears once the number is keyed in. At that time the cashier verifies that the picture agrees with the student using that ID number. A student is allowed to go into a negative balance to ensure that he/she eats; however, negative balances need to be paid when the notice is given. Please check with the food service clerk as to the status of your account upon the opening of school. Balances from elementary school and junior high follow you to CCHS. Special needs diets are available upon request along with a written request from a physician. Your food service staff wants your experiences at breakfast and lunch to be pleasant as well as to provide you energy to learn. If you have any questions, concerns, or suggestions, please contact the Food Service Office at 682-2078.

THROAT CULTURE FOR STREP THROAT

School nurses or trained designees may take throat cultures of those students or staff members who have clinical symptoms. The specified signs and symptoms to look for are:

* Enlarged anterior cervical lymph nodes
* Purulent exudates on the tonsils
* Fever

When a student or staff member is found to have a positive throat culture, the student's parent/guardian or the staff member will be notified and encouraged to seek immediate medical attention. The responsibility for treatment remains with the parent/guardian or staff member.

Each individual who obtains a throat culture at a school site will be assessed a "swabbing fee" of $3.00 for each individual throat culture.

Parents/guardians and staff members are reminded that this service is also available at the Public Health Office, 2301 S 4-J Rd, Gillette, WY 82718.
FIRE/TORNADO DRILLS

A fire/tornado drill is a "no nonsense" situation. It is required by Wyoming State Law to have fire/tornado drills during the school year to provide practice in evacuating the building or moving to the designated area in an orderly manner.

A tornado warning will be signaled by a message over the school P.A. system. In the event of a tornado warning, students are to move in an orderly fashion to the hallways or stay in the interior classroom at the direction of their teacher. Students must remain with their teacher and class and sit on the floor with their backs to the wall. Students are to avoid areas opposite doorways, under skylights, and by windows or other glass areas. Students will not be permitted to leave except in the presence of a parent and with approval from the Principal's office.

LOCKDOWN PROCEDURES

Students and staff will be notified of a lockdown situation by an announcement stating the school is in a "LOCKDOWN." Students should follow the instructions of their teacher!
Suicide Prevention & Depression Awareness

Suicide, like all self-destructive behavior, is complex and difficult to understand. Most mental health professionals agree that a suicidal disposition is determined by an individual's biological and psychological characteristics, as well as social and environmental influences. How well a teenager is prepared to cope with family problems, trouble at school, or unstable relationships is difficult to predict. No one can construct, with any certainty, a single profile of a teenager who may become suicidal. It is safer to assume that a teenager who is experiencing a crisis in life, no matter how trivial it might seem to an adult, could become self-destructive.

The tragic dilemma of youths wanting to take their life is one we don't expect to go away any time soon. We believe that one of the most important curative factors is open and direct communication. Sometimes this necessitates reporting information given in confidence in order to save a life. We also are convinced that students are often in a better position to help other students. Let us encourage our students to look out for each other and to seek help for a friend if that friend won't seek it out on his or her own.

"SAVE A FRIEND - SHARE A SECRET"

Listed below are warning signs of potential suicide:

**BEHAVIORAL CUES:**
- Giving away personal items
- Is very moody
- Sudden change in behavior
- Alcohol or drug abuse
- Previous suicide attempts
- Prior suicidal behavior
- Drop in grades
- Peer rejection
- Loss of interest in usual activities
- Making a will
- Risk taking behavior resulting in accident/injury

**VERBAL CUES:**
- "I wish I were dead."
- "I'm not the person I used to be."
- "You won't be seeing me around."
- "Life is too much."
- "No one cares whether I live or die."
- "Things would be better if I wasn't here."
- "Nobody needs me."
- "If (blank) happens, I'll kill myself."
- "My family would be better off without me."
- "I just can't go on any longer."

**THOUGHTS:**
- Talk of suicide
- Constant complaining
- Helpless/hopeless feeling
- Plan for suicide

**PHYSICAL CHANGES:**
- Lack of interest in appearance
- Loss of appetite
- Disturbed sleep
- Lonely

**SITUATIONAL CUES:**
- End of serious relationship
- Divorce
- Death of parent/someone else
- Sexual/physical abuse
- Family financial difficulties
- Moving to a new location

The above behaviors are not of themselves indicative of suicidal tendencies. Be concerned when:

1. More than one is observed.
2. There are changes in characteristic patterns of behavior.
3. Behaviors persist over time.
4. Behaviors are displayed with unusual intensity.

SUICIDE IS A PERMANENT SOLUTION
TO A TEMPORARY PROBLEM!

WAYS TO RESPOND

Step 1. LISTEN AND HEAR (not lecture)
Avoid false reassurances that "everything will be okay," and never demean suicidal expressions. Don't be judgmental or moralizing.

Step 2. BE SUPPORTIVE
Communicate your concern for the person. Let the adolescent know you care and help can be sought.

Step 3. BE SENSITIVE TO THE SERIOUSNESS OF THEIR FEELINGS
Inquire directly about thoughts of suicide. If we don't respond to students' suicidal thoughts, they may interpret our reaction as not caring. Suicide is a topic that makes us all uncomfortable, but we must face it with open, honest communication. When a person speaks of clear-cut self-destructive plans, the situation is usually much more serious.

TAKE ANY SUICIDAL COMPLAINT SERIOUSLY, EVEN IF EXPRESSED IN A CALM VOICE

Step 4. TRUST YOUR OWN JUDGEMENT
If you believe someone is in danger of suicide, act on your beliefs. Don't let others mislead you into ignoring suicide signals. BE AN ALARMIST!

Step 5. ACT Immediately.
  a. TELL OTHERS
Share your knowledge with the counselor and/or school psychologist. Don't worry about breaking confidence. You may have to betray a secret to save a life.
  b. STAY WITH A SUICIDAL PERSON
Don't leave a suicidal person alone if you think there is immediate danger. Stay with the person until help arrives. Call upon whoever is needed; don't try to handle everything alone.

Step 6. BE AWARE OF PREVIOUS ATTEMPTS
If you are aware that a student has made a previous attempt, tell the counselor and/or school psychologist. Make sure they know.

WAYS NOT TO RESPOND

1. Don't act like you are shocked.
2. Don't encourage guilt.
3. Don't be judgmental.
4. Don't ignore the problem. It won't go away.
5. Don't promise total confidentiality.
6. Don't physically take away a weapon.
7. Don't minimize the problem.
8. Don't give up hope.
9. Don't leave the student alone.
10. Don't laugh it off by saying, "you're kidding" or "suicide is dumb!"
11. Don't believe if suicide is talked about, the threat won't be carried out.
12. Suicide is very often talked about before it is committed.

2019-2020 STUDENT ACTIVITIES

GENERAL STUDENT ACTIVITIES RULES
Wyoming High School Activities Association (WHSAA) Rules apply to students in grades 9-12 only. When Campbell County School District (CCSD) requirements are greater than conference or state requirements, the CCSD requirements must be met. A student will be eligible for participation only when they meet all the applicable requirements. The following Student Activities rules apply to boys and girls in all CCSD sponsored activities.

WHSSA SCHOLARSHIP REQUIREMENTS (6.2.0)
In order to be eligible for any level of interscholastic competition, a student must be currently enrolled and must have been enrolled in school the immediate preceding semester and received passing grades during that semester in subjects that earn a minimum of 5.0 credits or the equivalent, per year toward graduation. A pupil must have been enrolled in not less than 20 class hours of work per week. A pupil will become ineligible if under suspension from school by the principal or superintendent for any reason.

WHSSA GRADES AND CREDITS (6.2.3)
A pupil must be passing in five solid subjects at the time of a contest. A passing grade is considered to be the passing grade of the individual school. As defined, a solid subject meets five days a week or its equivalent for the entire semester and for which one-half Carnegie units are granted. Schools may have higher standards for their student/participants.

WHSSA SEMESTER REQUIREMENTS (6.5.0)
A pupil shall not be eligible for more than four fall and four spring semesters, for a total of eight semesters. These semesters will be counted consecutively after the student enters the ninth grade. NOTE: If a student does not participate or is ineligible due to transfer, scholarship, etc., the semester(s) during that period shall be counted toward the total number of semesters possible.

CCSD ELIGIBILITY STANDARD
This eligibility standard applies to all students in grades 6th – 12th that participate in any sponsored activities provided by CCSD:

Students in grades 9th –12th, must be enrolled in a minimum of twenty class hours per week, earning .5 credit per class, at any secondary school in Campbell County School District. Students participating in activities are required to maintain a grade equivalent of 70% or C- or higher in all classes with the allowance of one D- grade or 60% in one class. Students in grades 6th – 8th participating in activities are required to maintain a grade equivalent of 70% or C- or higher in all classes.

A grade equivalent is determined from the average of all assigned, collected and entered grades into Powerschool. Any student with an active IEP must meet the intended outcomes of that IEP to be eligible. Any student who withdraws from a class with a failing grade of 59% or lower, during an activity season, will become ineligible for the rest of that activity season.

A student who fails to meet this eligibility standard may be required to practice while attempting to become eligible, but cannot travel, be in uniform during contests, and/or compete in contests until this eligibility standard is re-established. It is the responsibility of the ineligible students to prove their eligibility to the coach/sponsor by written notice from the teacher or teachers of the class or classes not meeting the minimum standard. Once the student has proven to the coach/sponsor that they have re-established this eligibility standard in all classes, they will be eligible to participate in competitions.

All activity students' eligibility will be monitored every two weeks. On Monday of each two week eligibility period, all students’ grades will be checked by the Activities Office. The list of ineligible activity students will be emailed or put in mailboxes of the respective coaches and sponsors before school is out on Monday. Wednesday will be the first day of the two-week period that the coach/sponsor will hold participants accountable for their eligibility.
